

IFS Puroplaz® Color Choice

Thermoplastic Powder Coatings that deliver outstanding performance

IFS Puroplaz®

IFS Puroplaz®, is a world class range of thermoplastic powder coatings from IFS Coatings, which includes **Puroplaz® PE**, a polyethylene based powder that delivers incredible adhesion and flexibility, and **Puroplaz® PA**, a nylon based coating that is tough yet extremely smooth.

Formulated and manufactured to deliver a tough, functional and protective film, **IFS Puroplaz®** powder coatings are the perfect choice for those looking to deliver outstanding performance to a wide range of applications.

Puroplaz® powders deliver:

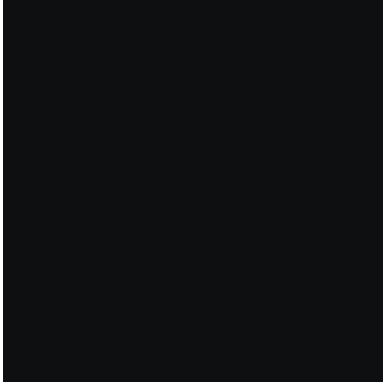

- Excellent weathering capability
- Excellent corrosion protection
- Excellent mechanical properties including world class chip and impact resistance
- Wide range of colors
- Flexible batch sizes
- Unparalleled service

IFS Puroplaz® thermoplastic powder coatings are carefully formulated to be suited to all application methods, including electrostatic spray and fluidized bed, and are available in a wide range of colors and even custom formulations.

Puroplaz® Custom Colors

Don't see the color you need? No problem. With IFS Puroplaz® you have the ability to match specific colors or even create your own custom color. Talk to your IFS representative for more information on our world class color creation capabilities.

Colors are a digital representation only and are not a true reflection of the actual powder coated surface. In addition screens are not calibrated, so colors appear differently. DO NOT choose a color based on an online representation. Ask for a free sample panel.
