

IFS Coatings

RAL Collection

IFS Coatings RAL Collection

IFS is proud to offer our complete RAL collection in quality powder coatings. IFS RAL powders can be used on a vast array of products for both interior and exterior applications. In addition to great powder coatings, you will also benefit from:

- Quick turnaround
- Flexible batch sizes - 5lbs upwards
- Great pricing
- First class service

We stock RALs in our standard high gloss finish. Other gloss levels are available on request.

Incredible Super Durable RAL powders are available to meet and exceed the AAMA 2604 specification - perfect for exterior applications.

TGIC-free formulations of both standard and super durable polyester RAL powders are also available.

IFS Custom Color Matching

Don't forget, if the RAL shades shown here aren't quite right, there are thousands of other IFS colors and effects available. We are color experts and will also custom color match to create the exact shade that you need. Talk to us for more details.

Make any RAL shade your own with IFS Altered RALs

189 RAL shades are stocked in standard polyester technology. Each of these professional RAL shades can be "altered" to include any of the below effects or functionalities.

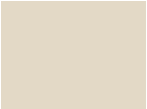

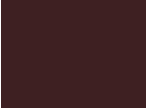

The 8 green RAL 6029 chips in the bottom right hand corner of the color pages indicate what some of the different special effects look like. You can add any of these effects to any of the RAL shades.

What are you waiting for?

- | | | | |
|-----------------------|--------------|-----------------|------------------|
| • Sparkle metallic | • Anti-skid | • River texture | • Mini texture |
| • Silver vein | • Semi gloss | • OGF | • Anti-microbial |
| • Ultra rough texture | • High slip | • Anti-mar | |

A full set of Altered RAL sample panels is available from your local representative or call **866.437.2864** to request them.
